Any funding will support an enhanced ratio to enable planning for additionality to take place. This may take the form of: some additional specific support in the provision or targeted intervention in small groups or individually Occasionally a pupil may need more expert support from an outside service such as Early Years SEN, Speech and Language Therapy, Educational Psychologist or Occupational Therapy. <p>How will the curriculum be matched to my child's needs?</p>	<ul style="list-style-type: none"> • The EYFS curriculum is based around children's needs. At Flatts we use curriculum goals which are made up of four milestones. Each milestone builds upon the skills of the milestone before. Children work on the milestone which is appropriate to their own development and skills. • Children are observed regularly during continuous provision and group time by their Key Person, this ensures accurate assessments are made • Your child may have short focussed sessions with an adult or small focus group to target more specific needs • If appropriate, specialist equipment may be given to the pupil e.g. pencil grips or easy-to-use scissors, chew buddy etc • If awarded SENDIF funding, this will be used towards staffing for an enhanced ratio • If you are claiming Disability Living Allowance for your child, nursery will apply for a fixed sum of funding to purchase any additional resources to ensure your child accesses the provision on offer.
<p>How will I know how my child is doing?</p>	<ul style="list-style-type: none"> • You will be able to discuss your child's progress at 6 monthly milestone appointments which we hold during the year. • If your child has a My Support Plan these will be reviewed with you termly throughout the year • You will be able to access observations online – through a password protected system • Appointments can be made to speak, in more detail, with members of staff if you require
