

What are we learning this Autumn?

Welcoming the Cozy Season!

As the weather changes our children are learning all about the seasons, they are looking at the different shapes, colours and sizes of the leaves as they fall. Please ensure your child has a warm coat and appropriate footwear to enable them to enjoy their outdoor learning.

To PLAY a game with others until someone wins

We will be sharing the book "What game shall we play?". Our children will be learning lots of skills around playing games, taking turns, listening and following instructions and beginning to let friends join their games. This will happen inside and outside.

Ideas for home - Making games out of everyday activities, take it in turns to find sock pairs, who is first to see 3 red cars on the way home? or even playing hide and seek. These are fun activities to teach turn taking, patience, resilience and listening skills.

Makaton signing

We are learning Makaton sign language in nursery. Ask your child to teach you:

I hear thunder
Incy Wincy Spider
I can sing a rainbow

They will also be learning some Christmas/Winter songs.

To INVENT a story to share with others

We will be starting to use our Helicopter Stories to encourage children to share their thoughts and ideas. They will then get the opportunity to explore their ideas through acting them out with their friends. We can't wait to hear their lovely stories.

Ideas for home - sharing lots of stories and telling stories. On the way home "I wonder where that car is going?"

To CREATE in different ways

We will be exploring different ways of creating including movement, dance and songs. We will also be building with construction inside and out. Our book is called Beautiful Oops!

Ideas for home - singing familiar nursery rhymes and changing the words e.g. Humpty Dumpty sat in a tree. Making a picture outside with sticks and leaves.
